We have proudly served

Breeze Series

ModularKart's ergonomically designed office furniture supports your back even during prolonged sitting. The benefits? Improved posture, enhanced employee well-being and comfort, reduced risk of work-related injuries, relief from fatigue and strain on the body, and increased productivity.

Breeze WORKSTATION

The Breeze Workstation Series stands out with its extendable features, including a fabric screen that doubles as a magnetic or pin-up board and a dedicated planter space for indoor plants. Its straight-top design provides ample workspace while showcasing a sleek, modern aesthetic that is sure to impress.

Breeze EXECUTIVE

Matter & Marvel Series

The Matter and Marvel Series features tech-enabled desks inspired by the Nordic philosophy of less is more. Designed for both functionality and elegance, these desks include a suspended modesty panel, multipurpose storage with a removable shelf, a convenient access flap for power and data, and built-in wireless phone charging.

MATTER

MARVEL

CONFERENCE

ModularKart's range of conference tables, available in multiple shapes, captures attention at first glance with their sleek design and integrated in-built cable management system—making them the ideal choice for any modern office space.

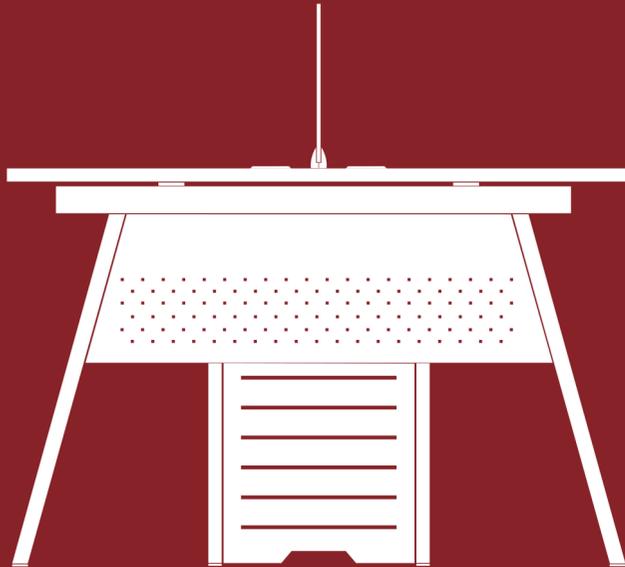

Curve

Flow Series

Tailored for You

Experience flexibility with style! Every ModularKart furniture piece is seamlessly customizable to optimize office space, enhance employee comfort, and create an adaptable work environment. Looking for a personalized fit? We've got you covered with the very best.

FLOW WORKSTATION

The Flow Workstation Series prioritizes ergonomics, aesthetics, and workflow to create a happy and productive workplace. This collection includes three premium workstation models—Straight, 120-Degree, and Bespoke , each equipped with an integrated wiring system, privacy screen, whiteboard, and classic bookshelf. With ample storage and a spacious planter, these workstations also bring a touch of greenery to your workspace, blending functionality with a refreshing environment.

BESPOKE

EXECUTIVE

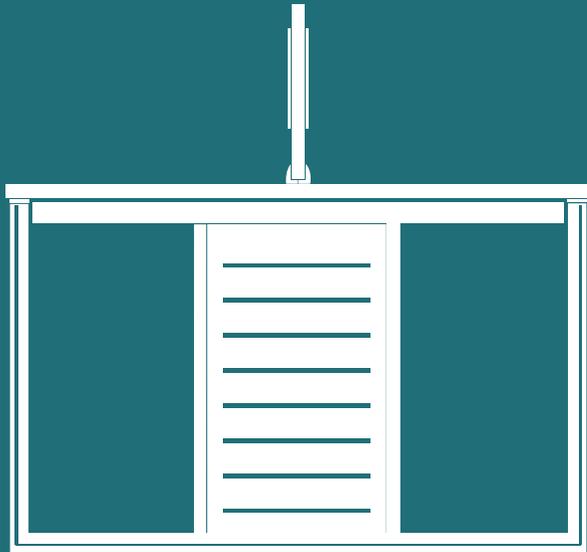

A sleek, minimalist design crafted with rich materials defines our Executive Table, making it the perfect addition to any office space. Elegant wood paired with metal loop legs elevates its aesthetics, while built-in storage drawers ensure functionality matches sophistication.

Super-stylish and spacious, the Flow Conference Tables are designed to impress. With ample tabletop surface, built-in data ports, and an integrated wire management system, they ensure seamless access to power and connectivity—making every meeting more efficient and elegant.

Nexa Series

Modern Office Design

Looking for minimalist furniture that blends seamlessly with your office aesthetics? Look no further than ModularKart. Our latest collection is designed to maximize space efficiency while enhancing employee workflow, well-being, and collaboration.

Nexa WORKSTATION

The Nexa Workstation Series is universally admired for its distinctive leg design, which enhances the overall system's appeal with a modern touch. The Nexa U & L Workstations come equipped with the W Pro Privacy Screen, offering dedicated personal spaces that minimize distractions and ensure confidentiality—perfect for focused productivity.

HEXA L

HEXA U

Nexa WORKSTATION

Upgrade your office space with the Nexa Workstation U and L-shaped models, crafted for convenience and functionality. They offer more personal workspace, enhanced privacy, and increased storage—all at the best value.

NEXA CURVE

Nexa EXECUTIVE

Unleash comfort with this classic executive table design. It boasts a smooth and comfortable resting surface with anti-skid properties, versatile functionality including removable shelves, and a perforated modesty panel that provides discreet privacy while enhancing the overall desk aesthetic.

CORE Series

Sustainable

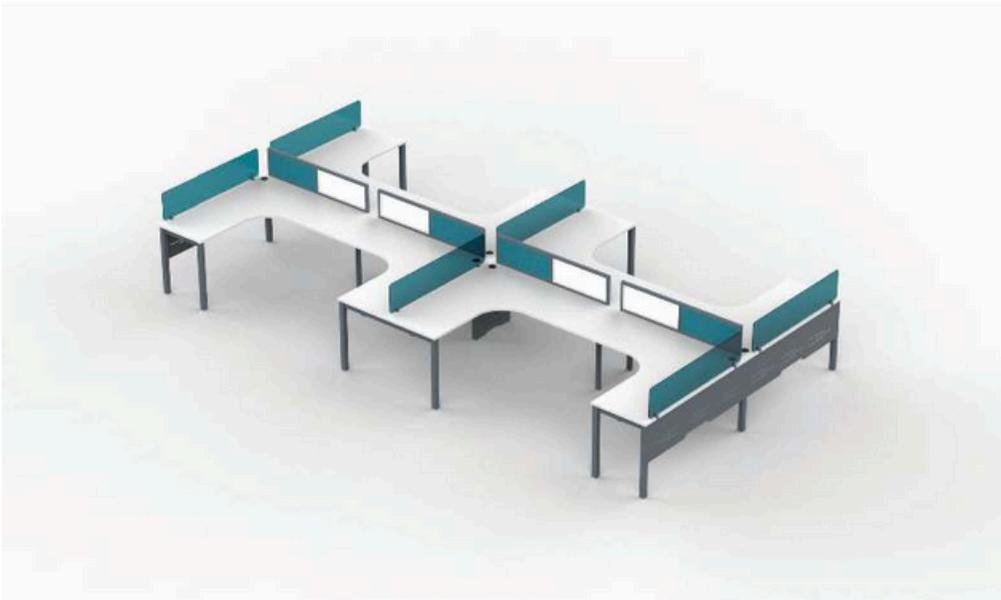

What sets ModularKart's office furniture apart? Our commitment to eco-friendly practices. Crafted from responsibly sourced wood and sustainable materials, our designs reduce carbon footprint while promoting a greener workplace—meeting the growing demand for eco-friendly office solutions.

CORE WORKSTATION

ModularKart's workstation range features an internal wire management system and integrated privacy screens for a seamless work experience. With multiple models—Plus, 120-Degree, and U-Shape—this series is designed to deliver a comfortable work environment, aesthetic appeal, mobility, and enhanced functionality.

CORE U

CORE CONFERENCE

Our Conference Table features an integrated wire management tray that keeps your workspace neat and clutter-free, while ensuring smooth access to power and data. A perfect blend of style and functionality, it's the modular furniture piece your office deserves today.

CORE MANAGERIAL

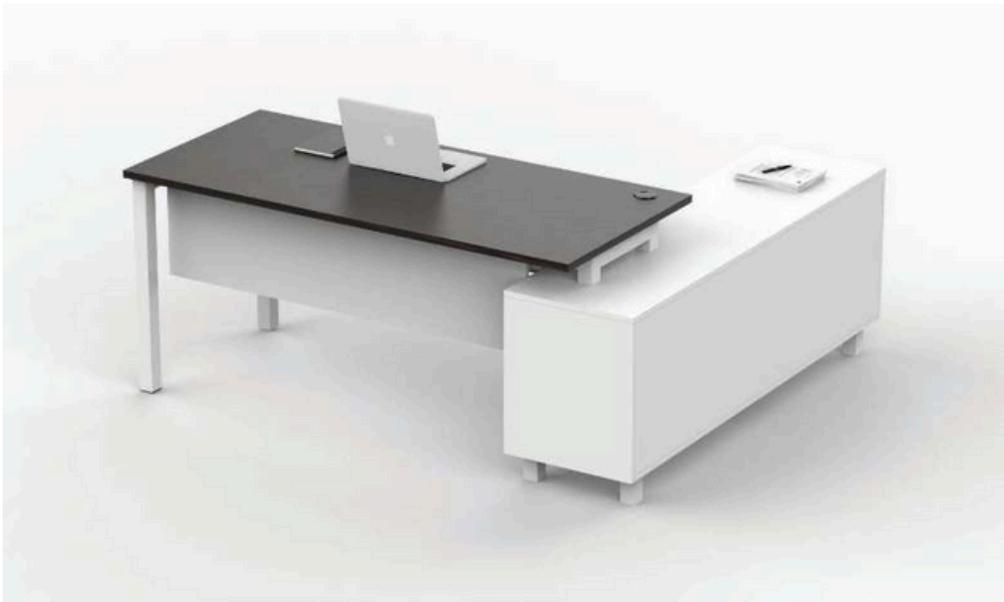

Doesn't it provide a neat and clean look? Positioned for team managers, the core model is perfect for team lead seating. Made from engineered wood, it also offers ample storage space. A smart furniture choice!

Our Reviews

Rohit Sharma

"Excellent Quality products have been regularly buying for last two years. Finishing, durability and post sale service is excellent, very humble and responsible workforce. Would love to buy again."

Rajiv Malhotra

"Fantastic quality furniture at reasonable prices and excellent service standards. A very professionally run company."

Amit Khurana

"Excellent service, very prompt delivery, high quality material and very reasonable pricing. Special mention to Amrita for coordinating everything seamlessly and giving appropriate suggestions for our new office space!"

Vivek Bansal

"Have been a regular supplier for our coworking space furniture, they are very good with their services and the finishing of the products is amazing."

Kabir Arora

"Very good Quality Furniture and Professionally managed Organization. Highly Recommended!"

Dev Khanna

"10 out of 10. The only vendor in my 10 years of experience who has delivered the good in given timeframe without any follow up. Installation team was very cooperative"

Devansh Kapoor

"Every product installed is of high quality and top design. Love their work, would definitely recommend."

Suresh Sharma

"Good quality, competitive prices and a professional and systematic approach. Completely satisfied with the furniture and service/support"
